DIVISION OF OIL, GAS & MINING

Gentlemen:

As of March 1, 1981, ownership of the Vernal/phoston, Utah phosphate facilities passed to Chevron Resources Company. They will continue using the same address and telephone number. As part of that transfer, Stauffer Chemical Company has assigned to Chevron interests in the contract or other relationship Stauffer formerly had with your company.

Effective March 1, 1981, Chevron assumed the rights and obligations of Stauffer under the terms of any agreement previously negotiated between our companies.

Our association with you over the years has been pleasant and we feel it can be continued with Chevron Resources Company.

Sincerely,

STAUFFER CHEMICAL COMPANY

L. W. Jarvis
